

LET IT RIDE PROGRESSIVE™

Based on five-card stud poker, Let It Ride Progressive™ allows players to control two of their three bets wagered, and offers the opportunity for big instant winnings with just a one dollar progressive bet.

Game Basics

Players make three equal bets and receive three cards that will be combined with two community cards to make a five-card poker hand. After seeing their first three cards, players may withdraw their first bet or may "Let It Ride."

The dealer then reveals the first community card and players can withdraw their second wager or "Let It Ride." Once each player has made their second wager decision, the dealer reveals the final community card and pays any winning payouts.

Let It Ride Progressive™ now has a turbocharger. Three Card Progressive™ is a new optional side bet for Let It Ride Bonus. It is similar to the Pair Plus in Three Card Poker Progressive,™ and players win if their initial three cards contain a pair or better.
