

ROULETTE

A long-time tradition in European casinos, this American version of Roulette is fun and easy to play. Place your bet with casino cheques or special color roulette cheques. You determine the value of the colored roulette cheques when you buy in. The dealer then spins the ball and will "wave off" signaling "no more bets"; if the ball lands where you have placed your cheques, you win! The payoff is determined by how many numbers your cheques have covered. Colored cheques must be redeemed at the Roulette wheel before you leave. Colored Roulette cheques cannot be cashed out at the casino cages.
